

## Visual Content Internship

Placemaker Hospitality

20 Hours per week

\$18 per hour

### Who we are

Since 1991 we've created places, events, performances and art installations that cater to the interests and identities of the people who live in our neighborhoods' restaurants — *all under the guise of serving great food and drink*. We are independently owned, award-winning and sustainably focused neighborhood restaurants that include Barbette, Bread & Pickle, Book Club, Gigi's Café, Pat's Tap, Pinoli and Tiny Diner,

### What you'll be doing

To capture our essence at each of our seven neighborhood restaurants, we are looking for an intern who wants to build their photography and videography portfolio. If you are looking to grow in the hospitality and restaurant industry, even better.

The intern will capture visuals in "A Day in the Life of a Restaurant" style capturing menu items in unique and creative formats, front of house staff serving and interacting with our guests, bartenders mixing crafted cocktails, mocktails, wine, beer and more. You'll be photographing puppies on all our patios which is always fun. And, in the back of house, you'll be documenting chefs and the crew creating dishes like homemade pizza dough and pasta, highlighting farmers ingredients in salads and side dishes, breakfast burritos and more. We're looking for creativity, action-oriented visuals communicating each restaurant's brand and organic nature.

Various administrative tasks and assisting Digital Content Creator will also be part of the job.

### Skills

- Photography, videography
- Indoor and outdoor lighting
- Understanding of Social Media and how photos and video communicate a brand
- Experience working with Square Space editing and updating, a plus
- Ability to take direction and work both collaboratively as well as independently
- Great attitude and ready to learn

Please send cover letter and resume to [moe@placemakerhospitality.com](mailto:moe@placemakerhospitality.com).
